### **Cambridge Assessment Admissions Testing**

<https://www.tlu.ee/en/admissions-testing>

We offer Cambridge Admissions Testing System (ATS) subject specific examinations (MAT, BMAT etc.) for candidates wishing to continue their studies at Cambridge, Oxford and other universities.

# TALLINN UNIVERSITY EXAMINATIONS

## **Tallinn University Centre for International Examinations**

Dear teachers of English!

During the last years the number of students who take internationally recognized C1 Advanced examination has grown. Sometimes students do not get enough points during the placement test or miss the placement test completely and do not qualify for the project. In those cases, it is possible to take the exam at Tallinn University Centre for International Examinations for a fee. Centre for International examinations offers the possibility to take B1 Preliminary, B2 First, C1 Advanced and C2 Proficiency examinations, which are all suitable for proving your language level at the end of gymnasium.

If there's a bigger group of students who all wish to take the examination, then there is a possibility to come to an agreement and conduct the examination at your school.

As during the peak season, the exams are mainly paper based, then we wish to remind all who wish to take the exam or whose students are taking the exam, that even if the exam takes place in November, the registration deadline is at the end of September or on the first days of October. It is not possible to receive the results by the date set by Harno, if you take exam on a later date. Early registration is necessary to guarantee a place for a preferred session. If all the places have been filled, then the registration will end early.

We would also like to remind you that EVÕL project for teachers of English is still going on. We encourage all the English teachers to take the international examination. It offers you the possibility to take the same or similar examination which your students take and it supports professional development.
